

Away

Sammy can't come out to play
Sammy he went away
No more time in his day
Sammy can't come out to play
Lived it hard and lived it fast
Just no way for him to last
Broke our hearts when he went away
Sammy can't come out to play

Richard can't come out to play
Richard he went away
My best friend, died the day
Richard can't come out to play
Pushed the plunger on his dreams
Mother to be finds and screams
Lying dead in a chair
Eighteen years old, gone to where

Frankie can't come out to play
Frankie he went away
Could see it coming to this day
Frankie can't come out to play
Grew up in the hood too fast
Left two babies when he passed
Young wife crying all alone
Frankie's turning into bone
