

## Body a going

Body a going Body a going How'm I gonna  
keep this body a going

Friday night no ladies around, jumpin my  
(car →) short and head downtown

Find a girl with her long legs on and get it  
on till the break of dawn

Body a going Body a going How'm I gonna  
keep this body a going

Weekend's here ain't no time to sleep, got  
to find a girl, let me fish real deep  
Her and I in the light of day, do it nice  
and slow cause tonight I play

Boogie with her till the lights go on, jump  
in my short, find something to pawn  
Play the bars till one or two, looking for  
the girl that wants me too

Find the girl with her long legs on, get  
it on till the break of dawn

Body a going Body a going How'm I gonna  
keep this body a going

Sunday dinner, lady so sweet, don't need  
no loving dead on my feet

Lays it on me with her heart and soul,  
here I go she's got control

Body a going Body a going How'm I gonna  
keep this body a going How's this body

gonna keep going Body a going Body a going How'm  
I gonna keep this body a going.
