Soft
and
Sweet

Oh Lord let me hold her for just a day
 Let this aching yearning go away
 See her smiling eyes caressing me
 With a growing love I can see

Hard
Driving
Country
Rock

Oh Lord will you do it, let's make a deal
 Or I'm going honky tonkin with the devil at the wheel
 I'm gonna stomp my foot I'm gonna get real loud
 I'm gonna show all the ladies why I'm so proud
 Feel their beating hearts pressed close to mine
 Talking that trash and pouring that wine
 Bright lights calling and the devil likes to drive
 Gonna get some honey from the honky tonk hive

Soft
and
Sweet

Oh Lord let me hold her for just a day
 Let me show her love I give away
 Let her see inside me, I'll be true
 For the love she gives me, I'll give to you

Hard
Driving
Country
Rock

Oh Lord will you do it, let's make a deal
 Or I'm going honky tonkin with the devil at the wheel
 Don't swell up cause you feel stung
 I'm dancing to the music with the woman you bring
 Juices flowing money blowing oh so lonesome dancing fool
 Couldn't make a deal, devils at the wheel, all dressed up & feeling cool
