

The Ones In The Air

I believe in the spirits
In the simplest way
It's a person remembered
At odd times of the day
It's the following of lessons
Of the ones in the air
It's avoiding the pitfalls
Taught by the ones who care
The spirit is the joke
A loved one often told
Or recalling the times
When they acted so bold
You relive with a smile
Reminisce with a tear
The ones who are gone
The ones who are dear
As long as you remember
Their spirits will be there
Whenever you need them
Think of the ones in the air
Treasure the good times
They'll help you get along
You can travel with your spirits
In the midst of the throng
