

The Order for The Air

I believe in the spirit
 for the spirit is the
 that a person can remember
 at odd times of the day
 it's the following of lessons
 of the order in the air
 it's avoiding the pitfalls
 taught by the order
 The spirit is the force
 I have seen often told
 on reaching the times
 when they start to hold
 for values with a smile
 Reminds with a tear
 The ones who are gone
 The ones who are here
 as long as you remember
 Their spirit will be there
 in heaven you reach them
 Think of the order in the air
 treasure the good times
 They'll help you get along
 for as though with your spirit
 in the midst of the throng
